

Acknowledgements

We are grateful to a number of organizations for the assistance that made the NATO ARW Workshop possible. Foremost we are thankful to the NATO Science for Peace and Security Programme that has provided not only the important financial support for the Workshop and the present publication, but also the organizational guidance and leadership in promoting collaboration between Eastern and Western scientific communities. The following institutions have contributed significantly to the success of the scientific meeting: Information Systems Management Institute (Riga, Latvia), K. D. Ushinskiy South-Ukrainian National Pedagogical University (Odessa, Ukraine).

It is pleasure to acknowledge the efforts of the Chairman of the Local Organizing Committee - the President of Information Systems Management Institute Prof. Roman Dyakon and Rector of K. D. Ushinskiy South-Ukrainian National Pedagogical University Academician Alexey Chebykin. We are indebted to the member of the Local Organizing Committee Dr. Tamara Lobanova-Shunina who made significant contribution to the organization and edition of preliminary materials of this Workshop. We should also express our gratitude to the members of the Local Organizing Committee – Sintija Bernava and Nataly Burlutska for their organizational efforts during the conference.

We are thankful to all members of the International Organizing Committee and the Local Organizing Committee for their organizational activities during the Workshop preparation.

Finally, the energetic efforts of the Managing Editor of this book, Tamara Lobanova-Shunina (Latvia) have ensured well-timed contributions of the authors, resulting in the timely received and edited papers, which made it possible to bring this publication to print. The Editors are very appreciative of her work.
